Hi Sponsors!

Here's the November newsletter summarising what I have been up to across my GitHub projects, for my GitHub Sponsors. Your support (no matter how big or small) has helped fund and encourage me in this work.

If you see anything below that piques your interest, please don't hesitate to ask more questions or dig into the interactive dataviz projects yourself.

Please share my work across your networks and encourage others to join you in sponsoring my projects.

- Daily scheduled updates of the data from OWID, the WHO and HMD continued
- I added an "Excess Deaths Comparison" page, to help compare countries. I included that in this [analysis of Excess Deaths for the UK, Sweden, Australia and NZ](#)

I shared content and analysis from the above projects across various social media channels:
